K-12 Cafeteria Digital Signage

Total Solution | Turnkey System | Fully Managed

Nothing new to learn... No one new to hire.

Transforming The Cafeteria

K-12 students are surrounded by digital imagery in almost every aspect of their lives. Holding their attention has become increasingly more challenging. Now there is a solution, by partnering with Eyeconic through our visually captivating School Digital Menu Program. Not only will students move through the lunch line in an efficient manner, we have also created a perfect opportunity to educate and inform.

Promoting Nutritional Awareness

The Eyeconic Digital Menu Board Program displays your daily menu, related nutritional information, upcoming events, and weather forecasts and is fully managed by Eyeconic! Our sleek, visually-captivating digital menu is the solution that turns unwanted waiting time into valued learning time.

Imagine students and faculty actively engaged with your content and data, which will help them make informed decisions. So much more than just a "television on the wall," Eyeconic Digital Signage displays the menu listings, nutritional information, as well as upcoming event schedules (or other custom features) that your students and faculty need to know. It's an informative and entertaining experience that drives the perception of a shorter wait.

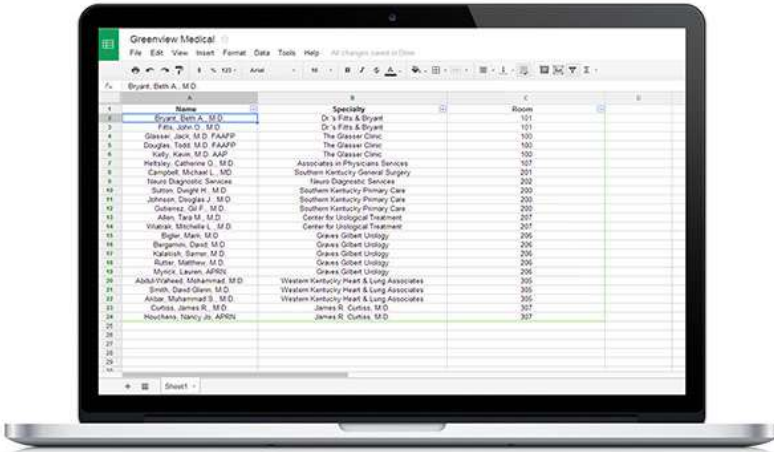

Commonly valued information include:

- Special offers.
- Nutrition Facts.
- Food promos
- RSS news feed.
- Weather widgets.

Custom Designed & Specialized

Do you know how to use Microsoft Office? Now with Google Drive integration it's that easy to change daily messages on your digital sign. Create and schedule school events and show presentations with important information for your students, all in real time!

Easy to Edit

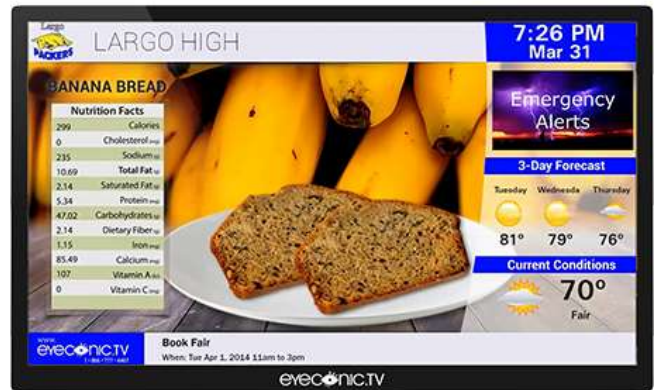

directly integrates google drive into your directory
change it. anywhere.

Google Drive Integration

Calendar | Slides | Sheets

Important Information. Directly to your Screen.

What Else Can Eyeconic Signage Do?

Essentially, EVERYTHING! Videos, pictures, weather, news/sports (local or national), media from your vendors... just EVERYTHING! The content options are nearly endless. When considering the wealth of choices, we help you select the most relevant, effective content to meet your goals.

NUTRITIONAL INFORMATION

Keeping your students and faculty informed of calorie counts and vitamin content has never been more important. With ever-changing USDA requirements the Digital School Menu Program makes it simple and quick to update the information.

TODAYS MENU – DAYPARTED

By combining your menu with our massive library of images, your students will be more motivated to choose a well-balanced meal. Through the application of Day-Parting technology we keep the information relevant, automatically displaying breakfast during morning hours and lunch during lunchtime.

EVENT UPDATES

With our integrated Google Calendar system you can easily keep students and faculty informed about upcoming events by simply adding them to the online calendar.

CUSTOM BRANDING

Our design team will integrate your school logo and colors to help build school spirit and further motivate students to participate in the cafeteria experience.

WEATHER

Knowing what is happening with the weather can be an important part of planning your day. The weather, both current and forecasted, is regularly updated.

PHOTO SHARING

Our integrated Google Docs photo sharing makes sharing your school event photos as easy as drag and drop.

MESSAGING

Get those announcements and messages out to everyone with a simple and easy to use messaging system. You type and it instantly appears, and yes it really is that easy.

Capabilities Overview

Eyeconic Digital Systems allow you to take control of your students experience in an affordable and amazing way. Our Cloud Based integrated, modular digital system gives you unparalleled ability and flexibility to provide nutritional information, communicate events and information to students. And as you would expect, Eyeconic Digital Systems come with the Eyeconic Plan managed service keeping you worry free and not looking for new people to hire.

Key Total Solution

Hassle free complete service including fully managed design, installation, and operation allows you to run your business with nothing new to learn and nothing to worry about.

Rapid Return on Investment

Low monthly leases and low cost of ownership coupled with increase in revenues of higher margin items means rapid return on investment. We don't just talk about it, we have proven it.

Dynamic and Flexible

Our design team is able to custom tailor your product to meet your needs. By complementing your look & feel we will seamlessly integrate into the existing environment.
