KAREN AMBROGI – LAZAREX

"I'm sure you are wondering how the event went. It was fantastic! From the staff point of view it was our best gala ever - in terms of aesthetics, organization and flow throughout the evening. We've been getting rave reviews from our attendees. The live auction and fund a need brought in ~ \$90,000. We have other dollar revenues too but we won't have our final numbers until next week.

Some of the feedback you'll want to know is that the presentation went great! No glitches or operator error. It looked great, worked great. We were told several times by guests who have been attending our galas over the years that we have made an exponential leap in effectively communicating the message of what Lazarex is all about and how we change lives. So I bow to you for making that possible. You should pat yourselves on the back!"

BRITTANI POWELL

"Brittani is now in the 10th grade and looking forward to going to college in 2 years. She would like to be a doctor."

"It brings tears to my eyes just remembering how compassionate and understanding they were"
